

## **AGM 5<sup>th</sup> December 2025**

### Resolution 7.

Rule 16.(c) ENTRANCE FEE: *that the second sentence be amended from:*

“Any entrance fee for new members will be set by the Management Committee. The entrance fee will not be payable by any former member of the Club who has previously paid an entrance fee who re-applies for membership, having resigned in accordance with Rule 14 or by a Junior member who is becoming an entitled member and has previously been a Junior Member for at least the previous three consecutive years.”

*To read:*

“Any entrance fee for new members will be set by the Management Committee. **This fee may be removed, suspended or revised from time to time at the discretion of the Committee. The entrance fee shall not be payable** by a Junior Member who is becoming an entitled Member and has previously been a Junior Member for at least the previous three consecutive years.”

*NOTE: There are no definitive records as to which previous members have paid an entrance fee and this now avoids any doubt as to whether an entrance fee is required. It also allows for the entrance fee to be amended as & when required.*
